### Science.... Seasonal Changes

In science this term we are learning about seasonal changes. There are four seasons and they are Autumn, winter, summer and spring. In each season the weather changes. In winter it is cold and the days are shorter. The months in winter are December, January and February.

In Autumn the leaves change colour and it is very cold. The months in Autumn are September, October and November.

In Spring it starts to get warmer and the trees start to blossom. The months in spring are March, April and May.

In summer it is very hot and the days are longer. The months in summer are June, July and August.

## RE

In RE this term, we will be focusing on the topic called **Change**. Change is a necessary part of healthy growth. We will also be learning about Lent which is a time to change in preparation for the celebration of Easter.

## Prayer

### Lenten Prayer

For forty days of Lent  
 To do my best I'll try  
 I remember all you suffered,  
 Lord  
 And on the cross you died.  
 I thank you that on Easter Day  
 You rose and came alive  
 Be with me Lord throughout  
 this Lent  
 Be with me as I strive.  
 Be with me as I promise  
 To do some good each day  
 To keep my resolution  
 Please help me Lord, I pray.
